J) INVITED LECTURES AND ADDRESSES

Visiting Digital Professor, Katholische Universität Eichstätt-Ingolstadt, May 28, 2021. I taught a 4 ½ hour class entitled "Introduction to Logistic Regression" and also had a separate 90 minute meeting to discuss my research on heterogeneous choice models with the event organizers.

Keynote Speaker, Institute for Political Methodology (Taiwan), July 16, 2018. "Panel Data and Multilevel Analyses of Academic Publishing Success." Also taught a mini-course on "Panel Data and Multilevel Models for Categorical Outcomes" on July 17 & 18, 2018.

Hesburgh Alumni Speaker, Notre Dame Alumni Club of Indianapolis, November 21, 2013. "The Census and the American Community Survey: Challenges and Controversies."

Invited Speaker, University of Kansas. September 22-23, 2011. "Comparing Logit and Probit Coefficients between Models and Across Groups," "Using Stata's Margins Command to Estimate and Interpret Adjusted Predictions and Marginal Effects" and "The Changing Faces of Inequality in Home Mortgage Lending." Talks were sponsored by KU's Center for Research Methods and Data Analysis and the Department of Sociology.

Hesburgh Alumni Speaker, Notre Dame Alumni Club of Sioux Falls, South Dakota, November 5, 2009. "One Stroke of the Pen: Racial, Economic and Institutional Disparities in Home Mortgage Lending."

Invited Speaker, University of Illinois-Chicago Epidemiology and Biostatistics Division Seminar, October 2, 2009. "Ordinal regression models: Problems, Solutions, and Problems with Making Sense of the Solutions."

Keynote Speaker, German Stata Users Group, Berlin, June 27, 2008. "Ordinal regression models: Problems, solutions, and problems with the solutions."

Guest Speaker, Department of Housing and Urban Development, May 17, 2006.

Presented on "The changing face of inequality in home mortgage lending" for the South Bend Community Forum for Economic Development, Nov. 21, 2006.

Invited Discussant, American Enterprise Institute Conference entitled *Are Fannie Mae and Freddie Mac Meeting Their Obligations to Promote Minority and Low-Income Home Ownership?* Washington D.C., June 9, 2003.

Guest Speaker, George Washington University Conference on the Government Sponsored Enterprises, sponsored by America's Community Bankers, October 4, 2002.

Guest Speaker, Department of Housing and Urban Development, September 24, 2002.

Guest Speaker, Department of Housing and Urban Development, December 3, 1998.

Presented at forums on community home mortgage lending organized by South Bend Heritage Foundation and Neighborhood Housing Services, Fall 1997.

K) GRANTS AND SPONSORED PROGRAMS

"Foreclosed and Abandoned Homes in South Bend: A Search for Causes and Solutions." Proposal co-authored with Judith Fox (Notre Dame Law School) and Jeff Vitton (City of South Bend). Study funded by a Ganey Collaborative Community-Based Research Mini-Grant, Notre Dame Center for Social Concerns, May 2007. \$6,000. Co-Principal Investigator.

"Alternative Assessments of GSE Performance, Influence, and Impact." Study funded by the Department of Housing and Urban Development, October 2004-May 2006. \$40,000. Principal Investigator.

"The Effect of Racial, Economic, and Institutional Characteristics on Home Mortgage Lending to Underserved Markets." Study funded by the National Science Foundation, August 2001-July 2004. \$114,450. Principal Investigator.

"Are the GSEs Leading, and If So Do They Have Any Followers? An Analysis of the GSEs' Impact on Home Purchase Lending to Underserved Markets During the 1990s." Study funded by the Department of Housing and Urban Development, June 2001-November 2002. \$39,999. Principal Investigator.

"The Effect of GSEs, CRA, and Institutional Characteristics on Home Mortgage Lending to Underserved Markets." Study funded by the Department of Housing and Urban Development, September 1997-July 1999. \$39,986. Principal Investigator.

"Fertility attitude-behavior consistency." Funded by the National Science Foundation, June 1990-May 1993, Grant # SES-8921697. Direct costs awarded: \$48,911. Principal Investigator.

"Racial Differences in Fertility Attitudes and Behaviors." Research Stipend for Tenured Faculty, Notre Dame Institute for Scholarship in the Liberal Arts, Summer 1992. \$3,000. Principal Investigator.

“Fertility Attitudes and Behaviors.” Research Stipend for Junior Faculty, Notre Dame Institute for Scholarship in the Liberal Arts, Summer 1987. \$2,500. Principal Investigator.

The above grants total almost \$300,000, with \$240,000 of that coming since 1997 for home mortgage related research.

N) OTHER CONTRIBUTIONS

Contributions to the Research and Teaching of Others

I offer several items through my web pages and the Statistical Software Components (SSC) archive at Boston College that have been widely used by others. Notre Dame's Office of Informational Technology tells me I have one of the most popular personal web pages in the university, with nearly 5 million page views between March 2015 and March 2017. The materials I offer include:

Author of the Stata programs `xtdpdml` (Dynamic Panel Data Models using Maximum Likelihood), `gologit2` (generalized ordered logit models), `oglm` (ordinal generalized linear models), `mfx2` (simplified estimation and table formatting of marginal effects), and `pcorr2` (partial and semipartial correlations). These programs are freely available to all users of Stata. I also maintain support pages for the programs at <https://www3.nd.edu/~rwilliam/dynamic/index.html>, <http://www3.nd.edu/~rwilliam/gologit2/index.html>, and <http://www3.nd.edu/~rwilliam/oglm/index.html>.

Author, Stata Highlights Page, <https://www3.nd.edu/~rwilliam/stats/StataHighlights.html>. The handouts on this page show how several basic and advanced statistical techniques can be estimated with Stata. I set this page up after Stata Corporation asked if it could link to my notes on Stata, which at that point were scattered across different locations and mixed in with other notes.

Course notes for Graduate Statistics I (<http://www3.nd.edu/~rwilliam/stats1/index.html>), Graduate Statistics II (<http://www3.nd.edu/~rwilliam/stats2/index.html>) and Categorical Data Analysis (<http://www3.nd.edu/~rwilliam/stats3/index.html>).
